

## Awareness Indoor Air Quality (IAQ)

### Take a survey for a thesis research project!

Hi! We at the Digital Interactions Lab (DIL) are **researching awareness of indoor air quality** within the Lab42 building. The overall goal is to increase occupants' awareness and help occupants take preventive measures against poor air quality.

This survey takes an average of around **~3 minutes** to complete and comprises of questions about your activity, occupancy, overall comfort and awareness of Indoor Air Quality (IAQ).

*Thank you for your valuable time and participating in our survey! If you have any questions, please contact:*

#### Principal researcher and Supervisor(s):

BSc D. de Vries - danny.de.vries@student.uva.nl

Shruti Rao PhD Candidate - s.rao@uva.nl

Dr. H. Seïed Alavi PhD - ha.alavi@uva.nl
